

FALCON FS520C

References

Galaxy resort, Macau

SKAKO LIFT will launch what will be the worlds tallest compact lift. Already 4 customers have ordered the new lift with an impressive and unsurpassed 52m working height.

Galaxy resort, Macau

When Galaxy Macau opens, a FALCON FS520C will be an important part of maintaining the impressive buildings. The resort includes more than 2200 rooms, suites and villas, spread over 3 world class hotels and 550.000 square meters. Facilities mentioned is also the worlds largest sky pool covering 4000 square metres and a 350 ton sand beach.

The distinctive Globe in front of Mall of Asia

Mall of Asia, Manila

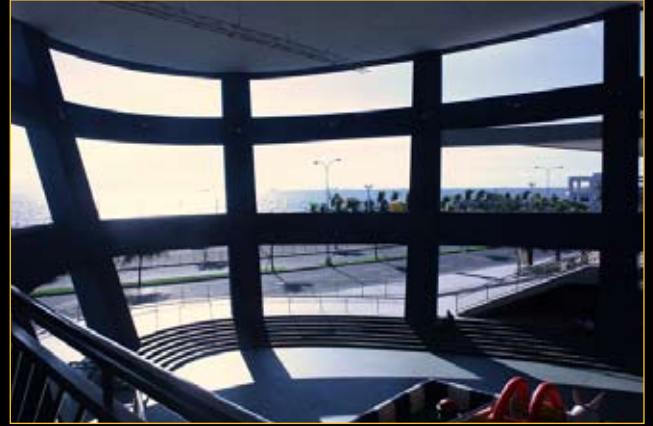

Largest mall in the Philippines, and third largest in the world, the Mall of Asia holds 600 shops, ice stadium, monstrous food court, numerous restaurants, IMAX theatre and science museum. The mall consists of 3 massive buildings and the distinctive Globe in front of it. The FALCON FS520C was chosen for maintenance due to the complexity of the buildings.
